Summary

Proficient web developer skilled at debugging and repairing coding issues on a range of back end and front end engineering. Reliable team player and leader. Diligent and hard-working. Adaptable. Fast learner.

Experience

Mile High Mobile Truck Repair Henderson, Colorado June 2018 - February 2019

- Conducted preventative maintenance inspections and DOT repairs for diesel trucks, loaders, powerscreens, FASSI and HAIB PTO powered cranes
- Supervised and trained other mechanics
- Conducted various repairs (transmissions, clutches, radiators, rams, outriggers, power take off, etc.)

Rocky Mountain Mobile Truck Service and Repair Center Henderson, Colorado January 2018 - May 2018

- Dispatched to semi-trucks, trailers, RVs, and tour buses as a 24-hour breakdown technician
- Conducted various repairs (changed tires, resolved no start issues, fixed air leaks, brakes, ABS, etc.)
- Escorted vehicles to safe locations
- Became familiar with VINs, part resourcing, and diagnostic software

Cummins Master Rebuild Center Henderson, Colorado November 2016 - January 2018

- Operated vat machine, moving components to wash bay to clean with pressure washer
- Cleaned engines with media blasting, wire brushing, and grinding
- Disassembled engines at all 3 stages
- Trained 3-4 technicians at a time in disassembly
- Diagnosed failure analysis
- Prepared and painted engines
- Assisted with flywheel installation, attached exhaust and hooked up sensors in dyno
- Became familiar with Cummins Insite software
